

Sheri Roberts Greimes

Known as a soulful singer and powerhouse vocalist, Sheri Roberts Greimes is quickly becoming a favorite in the Pacific Northwest.

Having overcome a serious health issue in 2012, Sheri has steadily come back to the stage and is playing keyboards and singing as a solo artist in many popular venues and with her band, JoMamma for festivals and local events!

Sheri released her "Bleeding Heart" CD in November 2016 and was nominated for 3 awards from the Washington Blues Society for female vocalist, blues album and songwriter and was awarded WBS Best Female Vocalist 2017" on April 9, 2017.

Sheri continues to rank in the top 10 for Blues on ReverbNation and Number One Music regional charts and top 100 for national charts

Offering an eclectic song-list of quirky tunes, Sheri does anything she sings her way. She doesn't do the typical "Chick" songs. A recent foray into blues has opened a new avenue of passion in her music that shows what she is capable of singing and finding her own style.

Come hear Sheri live... live gives more energy and excitement than a recording can provide. Sheri loves to have fun and watch the audience having fun too!
